

PROOF OF CLEANING

(Please enclose the filled out form on return)

NOTE

Please note the following before shipping the device:

- The device must be cleaned and disinfected before shipment. The shipped device must not pose a health hazard, e.g. from toxic, carcinogenic, biohazardous or radioactive substances. The sender is liable for damage caused by inadequate cleaning and disinfection.
- Follow the cleaning and disinfecting instructions in the operating instructions of the device. Include this proof of cleaning after cleaning or disinfecting the device.
- Uncleaned devices and equipment without proof of cleaning will be returned to the sender for security reasons.

WARNING

The operator should not use cleaning or disinfection procedures other than those recommended in the valid user manual or operating instructions.

If other cleaning agents or disinfectants are to be used, Cellbox Solutions must first be consulted to ensure that the proposed procedures do not damage the device.

In addition, we refer to the hygiene measures and regulations of your clinic or your laboratory.

The consignor bindingly declares that

- the device has been carefully cleaned, decontaminated and disinfected before shipping.
- the devices poses no health hazard, e.g. from toxic, carcinogenic, biohazardous or radioactive substances.
- he is aware that in case of damage caused by a contaminated device claims for damages can be asserted
